Ok, this place wins hands down or should I say claws down. Love the casual dining atmosphere, the focused menu of lobster goodness, just 4 dishes to choose from - steamed or grilled lobster, chili lobster and the lobster roll. And there's only one price for each of the dishes, \$48 for a lobster that weighs 600-630g. They are the only ones in SG that use a whole lobster in each roll. Oh mama! Make
