hungrygowhere The much anticipated truffle lobster roll is now available at [#PinceandPints](#) (\$68). Seared in butter and served hot with housemade [#trufflesauce](#) and a side of fries 🍟 and garden salad, the soft bread 🍞 rolls are stuffed full with hearty chunks of sweet lobster meat before it is topped off with [#truffle](#) infused [#caviar](#) and truffle shavings. Definitely worth a try if the price is not an issue. [#Yum](#) [#Hungrygowhere](#)
