misstamchiak Omg, @pinceandpints #youwin again. Your new star on the menu The Truffle Lobster Roll (Fresh shaven truffles, not truffle oil!) rocks! The lobster is blanched and seared in butter and housemade truffle sauce and generously stuffed into the bun. It is then topped off with truffle caviar and served with a new housemade truffle sauce and the usual side of fries and salad. The marriage of the fragrant summer truffles from Italy with the signature lobster roll is a match made in heaven.
