stormscape [NEW Item] [Tanjong Pagar] [Launched: Sep 2015] Raining and gloomy day calls for some Chili Lobster with golden brown Fried Mantou (eating the chili crab style)! But I can't resist the smell of truffle from my neighboring tables and ended up ordering the [NEW] Truffle Lobster Roll launched 2 days ago too!

Truffle Lobster Roll (SGD 68++) - Cross section of the Truffle Lobster Roll. See the generous amount of truffle slices, truffle caviar and lobster meat **OVERFLOWING!** Officially my favorite lobster roll now!
