**jacinthawee** Finally got my hands on the most reputed best lobster restaurant in Singapore @pinceandpints. Their new outlet at Katong opens last week and they bring you the freshest and quality lobsters air flown live all the way from the Atlantic Coast. It was so hard to pick a favourite as all of their dishes such as the whole grilled lobster, lobster rolls, lobster burger and mac & cheese were really delicious! Thanks for the invite @protegieconsultancy
